

ALPINE AUDI 8" PERFECT FIT SOLUTIONS

A3-Z928E FOR A3 8P VEHICLES: 2004-2013

The new Audi Perfect FIT Kits allow you to install the INE-Z928E for improved sound, connectivity and of course the massive high resolution 8" screen.

Connect all your media, including MP3/WMA/AAC music files stored on disc and USB, as well as DVD Video and DivX video files stored on disc and USB. Plus, an iPod/iPhone can be connected for convenient playback of your music and videos.

Built-in navigation is displayed in ultra high resolution, providing 3D landmarks, elevation display, 4WD tracks, voice guidance, safety camera alerts and 3 years free map updates.

What's more, Alpine's One-Look split screen mode allows simultaneous display of navigation and media screens for added convenience and control.

Designed to look factory, the perfectly crafted fascia will make the INE-Z928E look right at home in your dash. Best of all, steering wheel controls and MFD (Multi Function Display) are retained with the included APF-D101AU CAN-BUS interface.
