

ALPINE UTE-62EBT

The UTE-62EBT combines all the cool features and functions such as opening message customisation, a 3-way crossover, professional sound equalisation and even digital time correction with the latest Bluetooth technology,

It's Steering Wheel Remote Control Ready for a perfect install in almost any vehicle. If your car is equipped with a start-stop

engine, this Head Unit is even more interesting for you, since it will keep playing when your engine stops at a crossroad.

You can even adjust the button and display illumination colour separately with a stunning 150.000 colour variations.
