

#### Alpine's Tunelt App

Alpine's Tunelt application is designed to make smartphone integration a breeze, offering advanced audio tuning, search and download of preset audio parameters and Facebook access optimised for on-the-run information. Best of all, the X800D-U supports the use of both Android and iOS devices to access the Tunelt app.

# ALPINE INE-W960A

## IN DASH NAVIGATION MULTIMEDIA

The INE-W960A answers all your entertainment needs with a DVD player, AM/FM radio and iPod/iPhone/USB connection, all via the brilliant 6.1" LED backlit screen. Built-in Bluetooth Plus provides audio streaming and full hands-free operation with access to phonebook and advanced functions. Plus, premium navigation provides high resolution maps with live traffic updates, text-to-speech, 3D landmarks, fixed speed and red light camera alert, 4WD off road maps and an enhanced POI database.

Alpine sound tuning is now more comprehensive than ever before, to achieve stunning audio accuracy in your vehicle. A step-by-step process guides you from start to finish customizing your listening experience specifically to your car - from the cabin space, to speaker size, right down to the fabric of your seat. The included Bass Engine SQ, 9-Band Parametric EQ, Adjustable Crossover, 6-Channel

Time Correction, Media Xpander and even a selection of preset EQ allow for further expansion and customization to each individual vehicle and listening experience. Additionally, the Alpine Tunelt app allows you to create and share sound tunings or search, download and rate sound tunings created by other Alpine Tunelt users.

Source selection is easier than ever with the new Alpine easy key button which allows the user to quickly switch from navigation to AV. The direct phone button provides swift access to calling, phonebook information and even voice control functionality. What's more, whilst on the navigation screen a quick glance to the bottom shows what you are listening to, thanks to the new music information feature ensuring you can give the road your full attention.
